Stayed in the Village the first week in October and it was fab!

{mosliteadsense4joomla ad_align=left}Although it was not school holiday time there was still plenty going on for kids of all ages. Fantastic selection of food - my kids have never eaten so much! Staff were all friendly and helpful. We took the quad bike excursion and really enjoyed it. Always managed to find somewhere / something to do whether it be an activity or just a bit of peace and quiet. My only - very minor gripe - would be that we did not have a room with a balcony, but as we were only staying for a week decided to put up with it. A few families wern't happy with their room allocation, it seems the travel agents name their rooms differently in their brochures compared to how Lykia name their rooms - so just be certain of what you are booking if going through a travel agent.

If you can - definately go out of school holiday time, the whole resort was lovely and quiet with absolutely no queing or waiting around for anything.

Liked: adjoining rooms for parents & kids

Disliked: No balcony, air con noisy

Tips/Secrets: Do not go during school holidays
